A Corrigendum on

Prefrontal Cortex Oxygenation Evoked by Convergence Load Under Conflicting Stimulus-to-Accommodation and Stimulus-to-Vergence Eye-Movements Measured by NIRS

In the original article, there was a mistake in Figure 5A (left panel) as published. Figure 5A (left panel) should show Ctrl Low convergence group, not Conv Low convergence group. The corrected Figure 5A (left panel) appears below. The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.

Conflict of Interest Statement: The authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.
