ImponderableSound Live: SuiteSpot
is a piece that uniquely fuses together
bass frequency, music, and
performance.

Composed and directed by
Justine Flynn

Performed by

The Bass Ensemble who are;

Daniel Bench, Cello

Maddi Rollinson-Lord, Viola

Iori Hicks, Violin

Kerry Carroll, Dancer

ImponderableSound Live: SuiteSpot
is the culmination of my doctorate
research using low frequency Bass as
an intervention on Musicians and
Dancer.

The performance is installed in the
round with a cellist, viola player and
violinist.

This is an ambulatory piece, and you
are invited to walk around the space
to find sweet spots of sound
throughout the performance.
