**FOR IMMEDIATE RELEASE**

# **THE BIG** **BREAKFAST!**

**“Naturally we’ll be serving up ‘bangers’ on the day they demolish the Moor Lane flats. It really *will* be an explosive big breakfast,” - Veronica Holden, Head of Catering, University of Central Lancashire**

**UNIVERSITY chefs are dishing up a special ‘big breakfast’ to hundreds of residents living near the doomed Moor Lane flats.**

**The ‘blowdown special’ is being offered to 300 people being evacuated from the area on November 25 - the day the high-rises finally come down.**

**Veronica Holden, Head of Catering, has ordered 150 lbs of sausage and bacon to satisfy hearty appetites on the day.**

**“Naturally we’ll be serving up ‘bangers’ on the day they demolish the Moor Lane flats. It really *will* be an explosive big breakfast,” she said.**

**Shaun Whewell, Executive Head Chef, says he isn’t worried about the logistics of the gigantic fry-up.**

**“The more the merrier,” he said, “as I much prefer catering to large numbers of people as opposed to just one or two.”**

**“Everyone will get a large bap filled with sausage and bacon and lots of tea and coffee.”**

**Veronica added: “We are very happy to do this - even though it means working on a Sunday - as we always think of ourselves as very much part of the local community.**

**“Some members of the public already use our restaurant but this is a chance to show newcomers what we can do.”**

**Later, residents will be offered a Sunday lunch of roast chicken and all the trimmings.**

**Bolton firm WFL Demolition is bringing the high-rises down at around noon.**

**Ends**

**Veronica and Shaun are happy to pose with giant frying pans to accompany the story! Please contact Alan Air on Mobile: 07974 765870 for further details.**
