

Model Village?

Waterside Development, off Cottam Way, Preston, PR4 0EP (next to the site office).

What would your dream place to live or play in look like?

Come and help artist Emily Speed construct a temporary model village on the site of a housing development. Play with coloured clay to build your ideal home, and make your mark on the village by creating, extending, squashing or customising its buildings, trees, parks and streets.

This activity is free and suitable for all ages. Drop in at any time during opening hours to take part, or simply to have a look at the village and to chat to us about what you think makes a good place to live, play and socialise in.

Public drop-in sessions:

Saturday 14th July, 10am – 3pm

Monday 16th, Tuesday 17th and Wednesday 18th July, 4pm – 5.30pm

Exhibition of the completed model village:

Friday 20th July, 11am – 5pm

Saturday 21st July, 11am – 3pm

Model Village? is kindly supported by Story Homes and is part of The Expanded City – a programme of artworks and events exploring the issues and opportunities presented by Preston's City Deal scheme.
