## **University welcomes Royal visitor**

HRH Princess Alexandra paid an unofficial visit to the University of Central Lancashire in Preston today.

Arriving at lunchtime, Her Royal Highness chatted to students and staff and made a whistle-stop tour of some of the University's facilities.

The visit came about after UCLan Vice-Chancellor, Malcolm McVicar met Her Royal Highness at Lancaster University earlier this year and invited her to Preston.

“She was very interested to learn more about our University and we are delighted to have had this opportunity to show her what our campus has to offer,” he said.
